Chapter 1 by Story Wars

No, stop, Senator, where are you going? I said. "To....." and the Senator voice suddenly stopped, and then, he said "Another world. Far away from where our planet which is starting to decay. We are going to need to save our selves." I said, 'Where to?' as we went to our N.O.V.A ship. Senator looked at me right in my eyes, and said, "To the 7th dimension where the 3 Artifact remains remains.". Then I realized, this was a trap. Senator was working for the Minewatch, and he threw a atomic bomb, which blew up the floor, and it went KABOOM!!!!!!!!!! Senator ran away (he had the power to not get burned by a bomb, because of his suit) I managed to survive because of there was water down there, but it also messes up my suit. I tried contacting the pilot, but the water took out my contacting systems. Suddenly, I saw a hovering motorcycle. 'Oh yea' I said. A million thoughts were coming into my mind.
